EDUCATION

Boston University, College of Engineering | Boston, MA

Expected May 2027

B.S. in Computer Engineering | Concentration: Machine Learning | Minor: Innovation & Entrepreneurship

Dean's List, **GPA: 3.95**

- **Coursework:** Product Management, Agile (Jira), Business of Tech Innovation, Strategy for Tech Firms, Design Strategy, Advertising, Machine Learning, Deep Learning, Robot Learning, Autonomous Systems, Algorithms & Data, Software Engineering, Prob. & Statistics

EXPERIENCE

Capital One | McLean, VA

Jun – Aug 2026

Business Analyst Intern, Product Management track

- Owned logic for picking the best data source for each autofilled field on credit card applications, a **\$60M** annualized NPV program
- Wrote the engineering spec for resolving missing and conflicting data across internal and external sources; profiled coverage, freshness, accuracy, and cost in **SQL/Snowflake** to deliver a 2-tier source hierarchy with fallbacks
- Sized **\$10-20M** consolidation opportunity; backed Phase 1 test projected at **+3-8%** completion and scaling new accounts **40K-100K**
- Partnered with product, site, and business teams; presented recommendations to a VP, including two I proposed outside project scope: identity verification prompts by entry point and a scoring function to rank sources

Enlaye | Boston, MA (Harvard Innovation Lab)

Jul – Dec 2025

Product Intern

- Defined requirements and the full user journey for the company's first **mobile AI feature**, from concept to demo
- Shipped **9+ features**: wrote **PRDs**, designed **Figma** mockups, and presented rationale to CEO/CTO to win dev buy-in
- Won **3 enterprise customers** by running user interviews and demoing my designs, validating core demand hypotheses
- Rebuilt company website in **Framer** from competitive analysis and user stories; partnered with CEO/marketing on **GTM**

ReCo Digital | Sydney, NSW

Feb – Jun 2025

AI Product Management Intern

- Led a **Shopify AI customer discovery** solution: defined scope, pricing, and strategy; built and presented POC to prove feasibility
- Built an image recognition based receipt categorization MVP in **4 weeks (Python, Flask, Supabase)** at **98% accuracy** to automate waste quantification; cut page load times **40%** by prioritizing feature tradeoffs

Popple (acquired by Voodoo) | Boston, MA

Nov 2023 – May 2025

UI/UX Designer (sole designer) and User Growth Lead

- Grew a MassChallenge social app from **100 to 3,000+ users (20% MoM)**; wrote **PRDs** and designed **40+ Figma mockups**
- Led V3, lifting **DAU 15%** and **event turnout 32%**: ran user research to guide the pivot, owned the recommendation engine and event discovery experiences, and **A/B tested** to prioritize iterations
- Won **UX Standout Award** (BU Spark! Launch Lab); accepted to Innovation Pathway, Hult Prize Nationals; reached Techstars finals

PROJECTS & LEADERSHIP

Kulis Lab (Prof. Brian Kulis) | *ML and Robotics Researcher*

Sep 2026 – Present

- Investigating how learned **multi-agent coordination** degrades under mid-episode agent failure

Neurobionics (ECE Senior Design) | *Project Owner*

Sep 2026 – Present

- Leading a **6-person** CompE/EE/BME team designing an EMG-driven ML rehabilitation glove with motorized joint actuation

Tau Beta Pi (Engineering Honor Society) | *Vice President*

Nov 2025 – Present

- Invited as **top 12.5%** of engineering class; co-lead **50-member** chapter; built ties with **6+ schools** at regional convention

BU Robotics Lab (Prof. Roberto Tron) | *Computer Vision Researcher*

Sep 2025 – Present

- Built **ROS 2** monocular depth pipeline with Control Barrier Functions for haptic feedback; presenting at UROP Symposium

VitaSalus | *Founder*

Sep 2025 – Present

- Building **AI health app** that turns wearable data into actions; validated pain points, mapped regulations, scoped and designed MVP

BU Entrepreneur's Club | *Programs Director, Director of Disrupters Track*

Nov 2023 – Present

- Led **weekly workshops** on problem diagnosis, market research, ideation; held office hours; mentored **2 teams** (~10 students)

Product Management Course | *Teaching Assistant*

Sep – Dec 2025

- Graded weekly deliverables and exams, reviewed lectures, met weekly with professor, proposed course improvements

Hult Prize | *BU Campus Director*

Nov 2023 – Jun 2025

- Grew program **150% YoY** with a 7-person team: 2x attendance (100+), 3x funding (\$3K), recruited 25 startups and 14 judges

AWARDS

2nd Place Design & Engineering Hackathon (Engineers Without Borders, 170+ participants, 30+ teams), UX Standout Award (BU Spark!), Anthony Janetos Climate Action Prize (Boston University), Top 5 North America Programs of the Year (Hult Prize)

SKILLS

- **Product:** PRDs, user research, A/B testing, competitive analysis, Figma, Framer, Agile, Jira, Kanban, Scrum, Adobe CC, Zapier, Miro
- **Technical:** Python, C++, C, SQL, MATLAB, PyTorch, ROS 2, ML/DL/RL, computer vision, Git, Snowflake, MongoDB, HTML, Flutter
